MEMBER OF THE TEXAS HIE COALITION

The **HEALTH INFORMATION EXCHANGE** is the movement of health information electronically across multiple organizations. Exchanging health information is important in order to make sure that your health care providers have access to the most up to date information about you so they can make better decisions about your care.

BENEFITS INCLUDE:

- *Making sure your health information can be accessed by the ER team in case of emergency*
- *Saving time by authorizing your doctor to share your health information with the next provider you see*
- *Saving money by avoiding duplicate medical tests*
- *As a participating member of the Texas HIE Coalition, your local HIE conforms with all HIPAA and related State and Federal standards for privacy and security.*
